Dear Brethren

**RE: BRIEF REPORT FOR ANGOLA CLOTHING PROJECT**

Seasons Greetings from the executive committee of the 'St Bernard Men's guild' in the Diocese of Cape Town, let us first take this opportunity to wish PEXCO a productive 2017 as you are busy preparing for this year's PCM's and Provincial Conference, may the light of the Lord shine upon you so that your leadership can bring Glory of the Lord in our Lives and our families  
This e-mail seeks to sketch a brief report on the progress we have made with regards to the mandate given to us as the Diocese of Cape Town by the Last PCM at the Diocese of Mbashe.

The PCM mandated us to do the following:

1. Assess the state of the clothes that were collected for shipping to Angola
2. Sort the clothing and divide them among the Cluster ( CPT , SALDANAH , AND FALSE BAY) for distribution to the needy in and around the three Dioceses

The clothes were assessed and we discovered that  $\frac{3}{4}$  were damaged and in a un usable state. The  $\frac{1}{4}$  that we could salvage was take to laundry and distributed to two local parishes (St Columba and Eluvukweni) in the Diocese of Cape Town for their social responsibility projects.

It should be noted that because of the small quantity that was salvaged we could not dived and share with the neighboring Dioceses as was resolved at the PCM

We hope that this brief report will shed some light in the progress made with regards to Angolan Clothing project.

Yours in the service of Christ

---
